

The City Council of the City of Seabrook met in regular session on Tuesday, May 21, 2019 at 7:00 p.m. in Seabrook City Hall, 1700 First Street, Seabrook, Texas to discuss, consider and if appropriate, take action on the items listed below.

THOSE PRESENT WERE:

THOM KOLUPSKI – Ex. Abs.

ED KLEIN – Ex. Abs.

LAURA DAVIS

JEFF LARSON

NATALIE PICHA

BUDDY HAMMANN

JOE MACHOL

GAYLE COOK

SEAN LANDIS

STEVE WEATHERED

ROBIN HICKS

MAYOR

COUNCIL PLACE NO. 1

COUNCIL PLACE NO. 2

COUNCIL PLACE NO. 3

MAYOR PRO TEM

COUNCIL PLACE NO. 4

COUNCIL PLACE NO. 5

COUNCIL PLACE NO. 6

CITY MANAGER

DEPUTY CITY MANAGER

CITY ATTORNEY

CITY SECRETARY

Mayor Pro Tem Picha called the meeting to order at 7:00 p.m. and led the audience in the United States and Texas Pledge of Allegiance.

1. PRESENTATIONS

1.1 Presentation of a proclamation recognizing May 19-25, 2019 as Public Works Week.
(Picha)

Mayor Pro Tem Picha read the proclamation and presented it to the Director of Public Works, Kevin Padgett. Ms. Picha announced that Council appreciates everything that Public Works does and everyone has seen the work in the worst possible conditions, like Hurricane IKE.

Mr. Padgett explained that the City and the Public Works staff is blessed with a fantastic crew and Public Works is grateful for the support and recognition.

1.2 Presentation of a proposed project by Eagle Scout Troop 1513 to build a flag retirement collection box and a fire pit to properly retire the American flag. (Whatley)

Mayor Pro Tem Picha announced that the scouts with Eagle Scout Troop 1513 had an unexpected change in their schedule and could not be at the Council meeting. This item will be rescheduled.

Mayor Pro Tem Picha announced that the Council would like to move item 2.1 up in the agenda.

45 **2.1** Mayor, City Council, and/or members of City staff may make announcements
46 about City/Community events. (Council)
47

48 Councilmember Davis announced several upcoming events, including: National Public
49 Works Week; National EMS Week; the Hurricane Town Hall Meeting; City Offices closed for
50 Memorial Day; the Memorial Day Event at the Bay Area Veterans' Memorial; and a Special Event
51 Permit is pending for the Wilhelmsen Family Picnic.
52

53 Councilmember Davis also announced that the City Council would like to recognize that
54 due to barge collision and public comments, City Council will be able to discuss towards the end
55 of the agenda, at item 4.8, a possible future meeting date to publicly address the issue.
56

57 **2. PUBLIC COMMENTS AND ANNOUNCEMENTS** 58

59 Paul Robinson, 4600 Country Club Drive, Dickinson, TX, explained that the Texas Outlaw
60 Challenge is a Seabrook sponsored event every year, along with other city sponsorships, for a total
61 of about 50 sponsors. It is in its 12th year, and has grown into a national and international event
62 over the last 2 years. Mr. Robinson asked Council to consider on a future Council agenda a
63 resolution authorizing a No Wake Zone for the Friday races to help communicate to the community
64 and the area around the marina about the activities in the water on Friday from 9:00 am to 12:00pm
65 (noon). The Outlaw Challenge has had a perfect safety record and it has to do with all the cities
66 that pass the No Wake Zone resolution.
67

68 **3. NEW BUSINESS** 69

70 **3.1** Consider and take all appropriate action on Resolution 2019-12, "Establishment of the
71 Carothers Coastal Gardens Task Force", and Exhibit A, list of individuals proposed for
72 appointment to the Task Force. (Cook)
73

74 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SEABROOK, TEXAS,
75 FORMALLY ESTABLISHING THE CAROTHERS COASTAL GARDENS TASK FORCE
76 AND ESTABLISHING PARAMETERS AND CRITERIA FOR SUCH
77

78 The question was raised regarding Exhibit A, which has a list of ten instead of seven, as
79 was initially discussed at the joint meeting with the Open Space and Trails Committee.
80

81 Councilmember Hammann stated that ten won't hurt the progress of the task force because
82 it will be an extended conversation anyway. The better the outcome. It's now summer and to get
83 100% of everyone being there is iffy. As far as real estate goes, the task force is going to engage
84 a realtor firm and do an assessment.
85

86 *Motion was made by Councilmember Davis and seconded by Councilmember Machol*
87
88

89 *To approve Resolution 2019-12, "Establishment of the Carothers Coastal Gardens Task Force",*
90 *and Exhibit A, the list of individuals proposed for appointment to the Task Force.*

91
92 *MOTION CARRIED BY UNANIMOUS CONSENT*

93
94 **3.2** Consider, review, and take all appropriate action on a presentation for a preliminary budget
95 for the establishment of an Emergency Medical Services Department. (Cook / Gibbs)

96
97 Gayle Cook, City Manager, explained that staff and Council have had a previous
98 conversation regarding emergency medical services, and staff was directed to conduct a more in-
99 depth research of the options available for establishing an in-house EMS Department. There were
100 concerns about the current provider moving forward because of the financial numbers given to that
101 provider's board. The elevated numbers are extensive, and corrections need to be made for
102 financial soundness and capital needs. There is concrete evidence that Seabrook needs to make a
103 substantial move.

104
105 Ms. Cook continued that the preliminary budget presented is for EMS services within City
106 of Seabrook.

107
108 Ms. Cook stated that several items are needed in order to go forward with establishing an
109 in-house EMS department, specifically, vehicles and onboard equipment; start up supplies,
110 agreements, fees, and insurance; and a budget amendment which is on tonight's agenda. The
111 Texas Department of Health Services has communicated to staff that the City will need to have a
112 full unit outfitted for a State inspection to get the licensing process started, which has moved the
113 discussion along and brought the item to the agenda tonight.

114
115 Brad Goudie, Director of Emergency Services, explained that the timeline for an in-house
116 EMS department would consist of a number of tasks that must be completed prior to having the
117 department in place. Staff would need to purchase a number of items, draft policies and
118 procedures, enter into contracts with a medical director, enter into agreements with billing
119 companies, all before the State will issue a provider license. This proposal is for two (2)
120 ambulances, one new and one used. The used truck will be a backup in case the new truck is down.
121 The idea is to stagger ambulance purchases. Both trucks will be fully equipped, and those costs
122 are in the budget amendment.

123
124 Mr. Goudie stated that October 1 is an aggressive schedule for having an EMS Department
125 in place and Administration is in full support. There has been a lot of preparation behind the scenes
126 and plans have been discussed with the State that will allow the City to move quickly. Ms. Cook
127 stated that because of the substantial cost, the probability is high that the City will have to look at
128 a November election because of a tax rate increase that might be over the 8% cap. This is as the
129 tax rate provisions are today. The bill before the legislature with a cap of 3.5% has not been finally
130 passed at this point and is still in discussion.

131
132 Ms. Cook explained that the annual budget for an in-house EMS Department is estimated
133 as follows:

134	Personnel	\$703,426
135	Supplies	\$ 35,500
136	Services	\$ 33,292
137	Fleet Amortization	\$ 55,750
138	Total	\$830,968

139
140 Ms. Cook stated that start-up costs would come out of reserves. The annual cost is a little
141 higher than start up because of the fleet amortizations, and personnel is a little bit higher because
142 there would be a need for an additional dispatcher.

143
144 Mr. Goudie explained that staff was able to look at a snapshot with the current vendor for
145 current patients for revenues, which are conservative numbers based on the run data available, and
146 the numbers are net, after paying a fee to billing provider, which is 7%:

147		
148	1 st year revenue	\$300,000
149	2 nd year projected revenue	\$350,000
150		
151		
152	Annual Budget	\$830,968
153	Revenue	\$300,000
154	Ending Balance	(\$530,968)
155		
156	Current vendor contract	\$246,000

157
158 Michael Gibbs, Director of Finance, explained that the effective tax rate increase would
159 need to be 0.040168, which is a draft only and subject to change, but the City Manager wanted
160 Council to understand the numbers. In addition, these numbers do not show other department
161 budget requests and needs for next fiscal year.

162
163 Mr. Gibbs further explained that the Harris County Appraisal District has supplied the
164 estimated property values. The current property values are roughly 1.29 billing, which is an added
165 5% increase. It's difficult to perform tax rate calculation without data from the County. This is
166 just a ballpark idea. The Effective tax rate allows the City to collect the same as the previous year.
167 The Operations & Maintenance (O&M) rate needed to fund \$5.1 million is \$0.38. If EMS is added,
168 with no other budget increased or decreased for all other City departments, the O&M rate needed
169 would be \$0.42. The proposed budget has the current vendor contract taken out. The difference
170 is 4%, which would result in just under 8% on the voter approved tax rate.

171
172 Council member comments and questions included:

173
174 With the current vendor contract amount taken out, and once revenues are collected for
175 EMS, it will be around \$250,000 to operate the EMS Department.

176
177 Will patients who call for an ambulance be charged? Mr. Goudie stated yes, and the rate
178 will be in market on this area and in line with area cities.

179 There are people who can't pay and people who take forever to pay. Does anyone know
180 the actual collection? Mr. Goudie explained that he understands about 21% is able to be collected,
181 but Seabrook can do better. Medicare and Medicaid only pays \$325 no matter what the rate is.
182 Council will decide, through policy, how the City will proceed with collections.

183
184 When talking about emergency services, this is really the only public safety that can be
185 billed. Cities do not charge for Fire and Police services.

186
187 It is critical that the City of Seabrook provide this particular service, and that it be quality
188 and timely, especially with the big 146 project.

189
190 Council and Administration know the complex reasoning why an EMS Department is
191 being considered, and it will fall upon Administration to communicate so that residents can
192 understand. It was well thought out, and not a snap judgment.

193
194 Ms. Cook reiterated that these are the best numbers available, and in order to move forward,
195 there has to be a fully equipped ambulance in place. This presentation of the numbers is so that
196 Council can be fully informed.

197
198 Does the personnel estimate includes overtime, insurance, worker's comp? Mr. Goudie
199 stated all is included in the personnel estimate after working with HR. The estimate is for six (6)
200 paramedics, with two (2) paramedics per shift. Paramedics are the highest trained EMS personal.
201 A licensed paramedic must have formal education.

202
203 Some industries contract out the services they need. Has there been consideration with
204 how much it would cost to contract the services out with a different vendor? Ms. Cook explained
205 that a formal bidding process could be considered, but the experience neighboring cities have had
206 is a wide range in the bid numbers submitted. Ms. Cook continued that an in-house department
207 would allow control over formal education, etc., and there would be an ambulance in the City at
208 all times. The truck in the City will be beneficial for response times with how the highway is
209 changing.

210
211 There are other ambulance companies out there, and many of them do not provide the level
212 of service that the Council would want, for example, some may only do transfers and do not have
213 911 experience. A couple of vendors have reached out to Councilmembers and said they could
214 provide 911 service, but they've never done it.

215
216 If bid notice for other vendors was published, instead of establishing an in-house
217 department, it would need to be an apples to apples comparison. Is there an ambulance service out
218 there that has only paramedics? The bid process would be transparent to citizens. Have we asked
219 current City employees who are emergency professionals think about an in-house department?
220 Mr. Goudie explained that there is a range of opinions and feelings out there. The underlying
221 concern is the cost of doing business. No one has expressed any negativity.

222

Council has to take into consideration Seabrook's location. Response times would be affected if a 3rd party vendor provides service to more entities or cities than just Seabrook.

The cost is very high to ensure that a truck is always within the City of Seabrook and not responding to Kemah, La Porte, Webster, etc. The current vendor has a rig here and that did not help with response times because they can't guarantee that a truck will always be here.

Are two ambulances enough? If there is a big wreck at one end of town and a heart attack at the other end. Mr. Goudie explained that two trucks will be purchased, but only one (1) will be in service. There will be those days that they are run ragged and the City will have to call in mutual aid. In-house will not totally eliminate delayed responses. Two ambulances in service will provide better service than one, but there will always be a need for a backup unit, which is additional cost. In addition, there will be a need for a facility to house the trucks, so another additional cost, possibly. If neighboring cities approach Seabrook for an EMS Service contract, the City owes it to the citizens to have priority, but if there are two ambulances in service, then the City could offer service to other cities.

Ms. Cook stated that for the timeline the City is trying to keep, the prep to bid and bring the award back to Council, especially if there is an unsuccessful bidding process, would significantly divert what the City is trying to do. The timeline is critical because of the uncertainty with the current vendor.

Staff has been looking at this for quite a while and looking at other options in the area, the in-house department numbers are not that far off from what would be submitted in a bidding process. The issue is quality of service. At this point, Council is looking at an opportunity to ensure being able to provide EMS service to the City of Seabrook. Hat's off to staff who has done such a great job with vehicle replacement, which is a critical part of the success of this particular endeavor.

3.3 Consider and take all appropriate action to apply for a provider license with the Texas Department of State Health Services. (Goudie)

Brad Goudie, Director of Emergency Services, stated that applying for a provider license is the first step in a long process, and in the interim the City will stay with the current provider. The City has reached out to neighboring cities and recommendations for a backup plan will be brought to Council at a future meeting.

Motion was made by Councilmember Davis and seconded by Councilmember Machol

To approve the application for a provider license with the Texas Department of State Health Services.

MOTION CARRIED BY UNANIMOUS CONSENT

3.4 Consider and take all appropriate action on first and final reading of proposed Ordinance 2019-13, "Amendment No. 3 to the Budget of the City of Seabrook, Texas for Fiscal Year 2018-2019." (Gibbs)

Motion was made by Councilmember Hammann and seconded by Councilmember Machol

To approve Ordinance 2019-13, "Amendment No. 3 to the Budget of the City of Seabrook, Texas for Fiscal Year 2018-2019 with the correction to Exhibit A to take out "emergency medical service" from the last line under the department column.

MOTION CARRIED BY UNANIMOUS CONSENT

3.5 Consider and take all appropriate action on first and final reading of proposed Ordinance 2019-14, "Amendment No. 4 to the Budget of the City of Seabrook, Texas for Fiscal Year 2018-2019." (Gibbs)

Gayle Cook, City Manager, explained that in addition to the EMS start up items needed, as discussed earlier in the meeting, this ordinance is also amending \$6,000 for salaries to hire someone to take on the Fire Marshall duties that the current Director of Emergency Services is handling.

Michael Gibbs, Director of Finance, stated that there is currently a fund balance in reserves of \$6,516,508.00. The actual fund balance at the beginning of the year was \$8,100,000.00, but the balance has been reduced by \$1.6 million set aside for the berm. The City is required to have 25% in reserves of \$2.9 million, so the remaining is unreserved fund balance. The current balance reflects 62-63% in reserves. The City is on track, due to personnel and other cost savings on the expenditure side, to have an ending fund balance of \$7.4 million, that's excluding 1.6 for the berm, if all other factors stay the same. We also still have \$800,000 in the stabilization fund, which is a separate account.

Councilmember Larson stated that he wanted to explain the way he will vote on this item. He explained that he doesn't have the background on this subject that everyone else has in order to make apples to apples comparisons.

Motion was made by Councilmember Machol and seconded by Councilmember Hammann

To approve on first and final reading Ordinance 2019-14, "Amendment No. 4 to the Budget of the City of Seabrook, Texas for Fiscal Year 2018-2019."

MOTION CARRIED BY A 3 TO 2 VOTE AS FOLLOWS:

For: Picha, Davis, Hammann

Against: Larson, Machol

312 **4. ROUTINE BUSINESS**

313
314 **4.1** Report on and review of the Clear Lake Emergency Medical Corps (CLEMC) monthly
315 report for April 2019. (Goudie)

316
317 Brad Goudie, Director of Emergency Services, stated that the highest response times in
318 this report are 16 minutes. The contract requirement is 9.59 minutes.

319
320 No action taken.

321
322 **4.2** Report on and review of the Seabrook Volunteer Fire Department (SVFD) monthly report
323 for April 2019. (White)

324
325 Robby White, President of SVFD, explained that SVFD had 48 calls in April, with an
326 average response time of 4 minutes and 23 seconds and an average of five (5) people responding.
327 Six new red shirts (rookies) started and they will be black hats by the end of the year. From the
328 website, two (2) new support volunteers (associates) came on board, who do not fight fires.
329 Summer is starting and SVFD is seeing the expected rise in calls out in the water. So far there
330 have been three (3) water calls this month. The new floor at the station is wonderful. It's holding
331 up and not slick. AK Wetworks did a fantastic job. Council members thanked the SVFD for their
332 quick response during the barge collision.

333
334 No action taken.

335
336 **4.3** Review the of the Seabrook Police Department monthly report for April 2019. (Wright)

337
338 Chief Sean Wright explained that the format of the report is changing per federal
339 regulations. The report presented tonight is with minus two patrol officers. The Department has
340 three (3) officers in training and they should be released in a few weeks. The Department will give
341 a hiring test at the end of June. Because of the Civil Service requirements, it's hard to get trained
342 officers.

343 Chief Wright continued that the format change to the report will be a more common
344 vernacular, and is required to start in September, 2019. Through the local Police our consortium
345 it's been decided to go ahead and make the change. As a chief, it will be easier to put out a report
346 with terms people understand and it captures more micro data, versus macro data. There will be
347 less opportunity to adjust numbers, if agencies are inclined. The officers will have to give more
348 reporting data.

349
350 Chief Wright also explained that Seabrook is number one in priority for the HGAC grant,
351 and staff is waiting on an award announcements. This grant will save the City \$30,000.

352
353 No action taken.

357 **4.4** Review of the Seabrook Building Department monthly report for April 2019. (Landis)

358
359 No comments and no action taken.
360

361 **4.5** Review of the Seabrook Communications Department monthly report for April 2019.
362 (Petersen)
363

364 LeaAnn Petersen, Director of Communications, stated that this report is metrics driven. It
365 shows that video does much better than text and photos, so the Communications Department will
366 try to shift to more videos. 45% of Seabrook households are on Nextdoor, which is more than are
367 on the Swift911 system. The way social media has changed things, the City has to go to people
368 because they are not coming to the City for information.
369

370 Ms. Petersen further stated that the Communications Department is looking at the addition
371 of a multi-media staff member going into the budget season, as a goal that can be discussed during
372 strategic planning.
373

374 With regard to how messages and information is received, it's a variety. For the EDC
375 video that was released, there were many comments, but not comments were good or positive.
376 When people are happy, they "like" or "love" a post, and when people are unhappy they comment.
377 In looking at the number of "likes" versus the number of comments, the "likes" far exceed the
378 comments. In addition, if an individual person creates a post, the City cannot see the comments.
379 The Communications staff can only see comments on items that the City posts or if people send a
380 private message.
381

382 No action taken.
383

384 **4.6** Review of the Seabrook Finance Department monthly report for April 2019. (Gibbs)
385

386 No comments and no action taken.
387

388 **4.7** Approve the Action Item Checklist which is attached and made a part of this agenda.
389 (Council)
390

391 **TXDOT** – Gayle Cook, City Manager, explained that staff attended the monthly meeting
392 with TXDOT and there is not an update on phasing. No updated on demolitions. There are a few
393 properties the City is issuing letters and working through the steps. Demolition information is
394 posted on www.sh146.com. Staff is working on issues with the utility relocation portion of this
395 project. There is a little bit of debate on those items/issues. Staff may need to go back to the table
396 to dispute additional charges to the City.
397

398
399 **THIS SPACE INTENTIONALLY LEFT BLANK**
400

PROJECTS – Kevin Padgett, Director of Public Works, explained that although there are some issues/conflicts with the Highway 146 utility relocation project, there is still movement of lines occurring. The Marvin Circle Drainage Project is set to proceed on Tuesday, 5/28, and completion in 90 days on 8/23. Water and Sewer line installation is complete on the Lighthouse Daycare project. The Fiber bid opening is this Thursday, 5/23. The Memorial Day Ceremony will be Monday at the Bay Area Veterans' Memorial at 9:00am.

GRANTS – Jeff Galyean, Director of the Office of Emergency Management, stated that one of the FEMA projects for Harvey is completed and the City has received reimbursement for the pier. The total is \$78,000 minus the 25% that the City is responsible for contributing. The grant for the protective measures during Harvey is in the hands of the FEMA attorneys because everyone agrees with the calculations and that essential personnel must be paid during an emergency event; however, FEMA is worried that a precedent will be set with surrounding cities on this type of pay. The City has received a request for information on the Wastewater Treatment Plant grant and an RFP has been published for an engineering firm to assist with the retrofit.

COUNCILMEMBER ACTIVITIES

Councilmember Machol attended: Keels and Wheels; Galveston County Mayors' and Councils' Association meeting; Harris County Mayors' and Councils' Association meeting; 3rd grade field trip at City Hall; and he will be participating in the Memorial Day Event at the Veterans' Memorial.

Councilmember Hammann attended: Friends of the Evelyn Meador Library Annual Meeting; Chief Ray Cook's retirement event; Galveston Mayors' and Councils' Association meeting where one of the Galveston County Commissioners pointed out that 6,000 pieces of legislation was filed during the current Legislative session and 3,000 of those bills impact the independence of local entities governing themselves. Mr. Hammann stated that the City, the Council, and any of the entities the City is in association with for betterment of the cities and the surrounding area need to do a follow up with the legislators to present a unified voice. Mayor Pro Tem Picha advised that the Harris County Mayors' and Councils' Association recently had the Texas Municipal League speak at a meeting to explain what was going on in the legislature and that the Harris County Association passed resolutions which were sent to Austin as the unified voice for Harris County cities.

Councilmember Larson attended: Keels and Wheels; the Galveston County Mayors' and Councils' Association meeting; and the 3rd grade field trip at City Hall.

Councilmember Davis attended: CLEMC Board meeting; Veterans Memorial Task Force meeting to plan for the Memorial Day event (with Councilmember Machol); and the CCISD Teacher of the Year Luncheon.

Mayor Pro Tem Picha attended: Harris County Mayors' and Councils' Association meeting; Keels and Wheels; a meeting with a representative from Commissioner Garcia's office to discuss transportation; and an Economic Alliance Houston Port Region meeting.

Councilmember Klein emailed his attendance as follows: EDC - business morning brew; HCMCA at Houston Racquet Club; CoC luncheon at Space Center Houston; Keels & Wheels; GCMCA; 3rd grade field trip at City Hall; HCMCA at Monument Inn; and Ray Cook retirement event at SVFD

LEGISLATIVE – Ms. Cook stated that the one bill that the City has been pursuing on hotel conference center reimbursement was passed by both Chambers and has now gone to the Governor. This is an omnibus bill that includes 17 other entities, along with the City of Seabrook. The property tax and franchise bills are still under consideration and the franchise bill will more than likely pass both Chambers, to be effective in fiscal year 2021.

Motion was made by Councilmember Machol and seconded by Councilmember Davis

To approve the Action Items Checklist

MOTION CARRIED BY UNANIMOUS CONSENT

4.8 Establish future meeting dates and agenda items. (Council)

The next City Council meeting will be held on June 4, 2019 at 7:00 p.m.

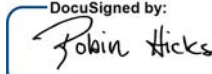

Councilmember Davis added the presentation of a proclamation to honor the CCISD Elementary Teacher of the Year, from Ed White Elementary, to the June 18, 2019 agenda.

Mayor Pro Tem Picha added an item to the June 4 meeting to discuss the barge collision in the Houston Ship Channel for Council to voice concerns regarding the lack of timely information from other entities involved and for Council to listen to concerns from residents. Ms. Picha asked that staff reports be available on what happened and what the City and the City Council might do to change the response in the future.

Ms. Cook asked Council to check their calendars for budget workshop meetings on July 30, 31, and August 1.

Upon motion duly made and seconded, Mayor Pro Tem Picha adjourned the meeting at 8:41 p.m.

Approved this 4th day of June, 2019.

SEABROOK
Salt Water Derby

\$8k in CASH PRIZES

**RAFFLE DOOR PRIZES
RODS, REELS,
COOLERS & MORE!**

****Calcutta Thursday, Sept. 27th****
TOURNAMENT - FRI. SEPT. 28th

ESABD Early Registration: \$90/person
(Ends Weds. Sept 12th
After Sept. 12th: \$100/person)

**ENTRY FEE INCLUDES:
T-SHIRT, KOOZIE, FOOD, & DRAFT BEER**

 **Register Online and Sponsorship Info:**
SEABROOKSALTWATERDERBY.COM

Seabrook Saltwater Derby & Calcutta

9th Annual Overview

- ▶ 377 registrants and public supporters
- ▶ Almost doubled the Calcutta (\$6,885 to \$11,500)
- ▶ Individual, Stringer, Texas Team Slam, Flounder Pot, and Calcutta(Payout \$18,700)
- ▶ Successful auction component implemented
- ▶ Raffle (up 12%)
- ▶ Appreciation dinner held to recognize sponsors, volunteers, and scholarship and donation recipients

Improvements

- ▶ Almost doubled the Calcutta's income again this year
- ▶ Added buckles to enhance Calcutta
- ▶ Increased billboard exposure (3)
- ▶ Added auction segment: Argentina trip
- ▶ Sportsradio 610 interview in addition to ads
- ▶ Added new sponsor banners
- ▶ Secured two distributor sponsors
- ▶ Booth at Houston Hunting & Fishing Show
- ▶ Added digital leaderboard
- ▶ Volunteered at other tournaments to continuously improve tournament and build alliances

Moving Forward

- ▶ Continue working with Shriners talk of moving Matagorda tournament to Seabrook)
- ▶ Sustained most sponsorships (146 has impacted commitments)
- ▶ Booth at Petrochemical /Maritime Conference in hopes of attracting more industry sponsors
- ▶ Continue booth at Houston Hunting & Fishing Show
- ▶ Use of more funds to advertise at Celebration Seabrook in conjunction with Seabrook Association
- ▶ Marine Max is interested in holding Calcutta – Potential Sponsor

Community Ecosystem

-

HOW TO SPONSOR

The 8th Annual Seabrook Saltwater Derby will be held at Cabo Bar & Grill on Friday, September 28, 2018. The Calcutta will take place the night before the tournament on Thursday, September 27, 2018. Advertising for the tournament is publicized in over 480 newspaper and print magazine publications and their affiliated websites and social media outlets statewide. In addition to these publications and postings, the Seabrook Saltwater Derby advertises via highway banner and signage to attract entrants. This year we are extremely excited about our CB8 SportsRadio 810 advertisement timeslot and would like to extend sponsorship opportunities for you to advertise your business at the following sponsorship levels:

V.I.P. Sponsorship (\$1,000 Donation)

Seabrook Saltwater Derby

The Seabrook Saltwater Derby is sneaking up on us and if you haven't signed up yet, now is the time to do it! This annual event is not only fun but an exciting time for all. With lots of prizes, you could be the winner of up to \$8,000! With Rods, Reels, Coolers, Cash and more, you could walk away a winner and not catch a thing!

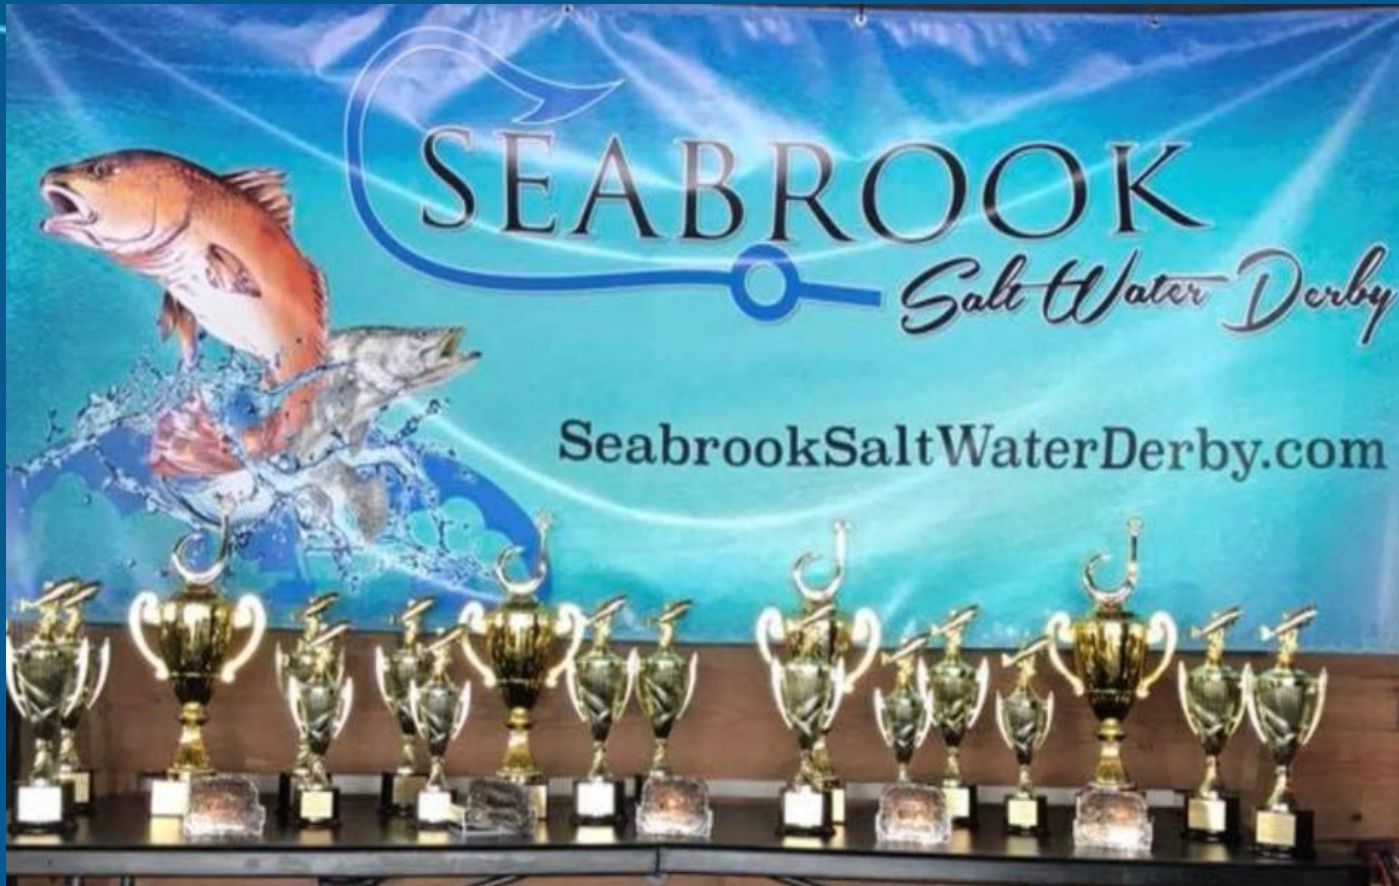

The Seabrook Saltwater Derby takes place Friday, September 25th. Registration can be made online at <http://seabrooksaltwaterderby.com/index.html>. You don't have to participate in the derby to enjoy all the fun. Door prizes will be given away and the weigh in is fun for everyone!

Book your Seabrook hotel with us today and be one step closer to winning at the Seabrook Saltwater Derby. Our rates are out of this world and our rooms are not only comfortable but clean. Reserve your room for the Seabrook Saltwater Derby weekend online or by giving our friendly front desk staff a call.

For more information on the Seabrook Saltwater Derby, along with directions, rules & regulations as well as registration, visit Seabrook Saltwater Derby online. We look forward to seeing you soon and the big one that you hook!
